APPRAISAL OF GAS PLANT IS NOW IN VIEW

Council Committee Hopes to Have Competent Engineer March 6 for a Two-Week Survey.

PUBLIC WILL THEN VOTE
Authorities Say the Municipal Bonds Are Preferred—Lower Gas Rates Would Result.

The special committee of the City Council, which has been appointed to select an engineer to appraise the gas plant, is corresponding with several reputable companies at this time, and hopes by the next meeting of the council, March 6, to be able to recommend an engineer to make the appraisal.

According to Prof. T. J. Rodhouse, chairman, the committee is exercising the greatest care in the selecting of an engineer that will be acceptable to both the city and the gas company. He thinks it will take about two weeks for the engineer to make the necessary survey and appraisal. It is planned that by the time the appraisal is made, that the council will have completed some definite plans of procedure that they can present to the voters, to get the public's opinion what should be done in the matter of a municipal owned gas plant.

One strong incentive at this time for municipal ownership is the fact that a city's credit is about twice as good as the credit of a private company. Many Missouri towns are now selling 5 per cent municipal bonds at par, while private companies are having a struggle to get money at 8 to 10 per cent interest.

According to one of the large engineering companies in this state, the difference between the credit of the company and the city will make about 20 to 25 per cent difference in the rates. This company goes on to cite the instance of a Minnesota city which is about the size of Columbia and in which the conditions are similar, where there is municipal ownership of water, light and gas plants, and there the maximum rate for gas is \$1.13. Columbia's rate for gas is now \$1.50 maximum.

LANDRU DIES ON GUILLOTINE

French "Bluebeard" Murderer of Ten Women and Boy, Pays Penalty.

VERSAILLES, Feb. 25.—"Bluebeard" Henry Landru, most remarkable criminal of modern times, was executed this morning on the guillotine for the murders of ten women and a boy. A large crowd, kept in check by 400 cavaliers, turned out before daylight to witness the execution, which took place in a street in the center of the city beside the street car track.

Only at the last moment, when he was led out into the cold dawn and the frame of the hastily erected guillotine loomed up in the half light, did the notorious murderer falter momentarily after walking barefoot from the prison.

He refused religious consolation, which was offered him in his death cell early this morning, and declined liquor and a cigarette.

He protested his innocence to the last. At the first stroke of dawn the hangings of the prison swung open and Landru, who had asked that he might be shaved this long black beard was cut off some time ago to "please the ladies," was hurriedly led out.

A closed wagon drew up beside the guillotine, the knife fell, and the beheaded body was quickly transferred to a basket, and taken to the prison morgue, where it will be claimed by Landru's family.

Harding-Brandege-Lodge Compromise Reservation Is Adopted by Vote of 10 to 3.

WASHINGTON, Feb. 25.—The Senate foreign relations committee today forwarded favorable reports to the Senate on the Four Power Pacific treaty, the supplementary treaty excluding the Japanese homeland from the Four Power pact, the naval limitation treaty, and the treaty limiting the use of submarines and poison gas.

This leaves only the Chinese custom treaty to be acted upon by the committee which will be done next week after Senator Pomeroy has explained his views upon it.

Grinnell Drops to Bottom of List After Defeats by Aggies and Oklahoma.

MISSOURI AND KANSAS TIED FOR CHAMPIONSHIP

Grinnell Drops to Bottom of List After Defeats by Aggies and Oklahoma.

MISSOURI VALLEY BASKETBALL

TEAM	WON	LOST	PCT.
Missouri	13	1	.928
Kansas	13	1	.928
Drake	4	4	.500
Oklahoma	7	6	.538
Nebraska	6	6	.500
Ames	5	7	.415
Agiess	3	8	.272
Washington	1	11	.083
Grinnell	1	12	.077

Games tonight: Oklahoma at Drake; Nebraska at Washington.

Missouri is back into double harness with Kansas since last night's victory over Nebraska. With the change at the top of the column came one at the bottom when Grinnell, stung by 23 to 20 drubbing at the hands of the Aggies and another, 25 to 22, from Oklahoma slunk down to the very bottom of the list crowding the Washington Pikers up into eighth place.

When Nebraska finishes with the Pikers at St. Louis tonight Grinnell will probably have company in the cellar as the two teams are but a game apart.

WHEAT IN GOOD CONDITION

Dangerous Period Ahead, However, Says J. T. Lynes.

"The wheat crop in Columbia and Centralia, Missouri, so far is in a very favorable condition, although it is late and tender because of the changes in the weather," according to Joseph L. Lynes of the Boone County Milling Company.

Mr. Lynes believes that the critical time for the wheat crop is still coming. The ground has been bare because of the absence of snow during the winter and this may have a bad effect on the crop later on. The crop is not suffering from lack of moisture, however. The wheat is still in the ground. That shows there is plenty of moisture.

The crops in the western section of Missouri have been affected by the cold and by a drought that has lasted since September.

Ash Wednesday, 40 Days Before Easter, Is a Time of Penitence

Ash Wednesday this year falls on March 1. This is forty days before Easter, and marks the beginning of Lent.

The name Ash Wednesday comes from the Roman Catholic ceremony of strewing ashes on the head as a sign of penitence. The custom was probably introduced by Gregory the Great (590-604). The earliest authoritative prescription is in a decree of the synod of Benevento in 1091. The custom was sanctioned by Pope Celestin III in 1191, and has prevailed since.

The day in the Roman Catholic Church is known as "dies cinerum" (day of ashes) or "dies cineris et cilicii" (day of ash and sackcloth). The ashes, obtained by burning the palms or their substitutes used in the ceremonial of the previous Palm Sunday, are placed in a vessel on the altar before High Mass.

The priest, vested in a violet cape, prays that God may send His angel to hallow the ash. After another prayer the ashes are thrice sprinkled with holy water and thrice censed. Then the priest invites those present to approach the altar. Dipping his thumb in the ashes, he marks a cross on their foreheads as they kneel, saying in Latin "Remember, man, that thou art dust and unto dust thou shalt return." The celebrant himself silently sprinkles the ash on his own head, or receives it from the priest of highest dignity present.

This ceremony is derived from the custom of public penance in the early church, when the sinner to be reconciled had to appear before the congregation, clad in sackcloth and covered with ashes. This custom was established in the eighth century.

Of the reformed churches, the Anglican church alone marks the day by any public service. It is known as the combination service. This consists of a series of denunciations against unpenitent sinners along with penitential prayers. The ceremonial in the English church was not prescribed at the Reformation. It was enjoined by Henry VIII in 1538 and by Edward VI in 1550, but had fallen into complete disuse by the beginning of the seventeenth century.

In the Episcopal church in America only penitential prayers are observed. The Protestant church in Germany does not observe Ash Wednesday.

TWO ANNIVERSARIES ARE CELEBRATED TOGETHER

Married 58 Years, Former Ashland Residents Make Merry on Wife's 80th Birthday.

The fifty-eighth wedding anniversary of Mr. and Mrs. R. T. Bass, formerly of Columbia, was celebrated February 15, at the home of their daughter, Mrs. H. L. Tomlin, of Kansas City. Mrs. Tomlin was formerly Miss Sallie Bass.

The anniversary was February 16, but since February 15 was Mrs. Bass' eightieth birthday, a double celebration was held in the form of a Valentine dinner. Mrs. Bass was formerly Miss Julia McCoy, the daughter of Calvin McCoy, a prominent citizen and one of the founders of Kansas City. She was born and reared in that city, and was married to Mr. Bass February 16, 1864. The couple came to the old Bass homestead, near Ashland, twelve miles south of Columbia. The infirmary, the old-fashioned house-warming reception, was held there. Two years later, they moved to a home of their own, built on the same land.

Mr. Bass, who was 81 years old on February 4, is still an active business man. He is president of the R. T. Bass Live Stock Commission Company, and never misses a day in attending his work.

About twice a year, he visits his old home and friends in Boone County, and indulges in his favorite sports, especially fox-hunting. When in this county, he is the guest of L. D. Bass and the latter's mother, Mrs. Lawrence Bass. The neighboring hunters, many of whom were Mr. Bass' boyhood friends, join in his sport to welcome his return.
